

Aperio Virtual Server Hosting

Aperio is introducing a new approach to IT, Virtual Server Hosting. VSH allows Small Businesses to be more flexible, agile and competitive. Small Businesses now don't have to spend thousands of dollars up front to share ideas or work in a normal setting. One low monthly cost will give your Small Business an edge in the market place. VSH allows a Small Business to have remote data storage, email, calendar sharing, tasks, active sync with a Windows Mobile enabled phone and the use of the latest and greatest version of Microsoft Office. No need to buy upgrades to Microsoft Office ever again. Once you subscribe, all upgrades to Microsoft Office and Microsoft Sever products are FREE!!!

Program Add-Ons

QuickBooks

Install
\$300.00
Setup and Training*
\$500.00
Monthly
\$9.99 per User

Add the new QuickBooks to your server to access your accounting anytime and anyplace. Allow your accountant to login from their office to run reports and make journal entries. Your accounting data will also be protected from theft, fire and natural disasters.

The desired version of QuickBooks needs to be purchased with the correct number of user licenses prior to installing it on your virtual server.

Aperio will provide a quote for the purchase of the desired version of QuickBooks.

**Setup and Training will be provided by a certified QuickBooks consultant. Any continued support for QuickBooks will need to be referred to the QuickBooks consultant.*

Amicus Attorney 2008 Small Firm Edition

Install
\$300.00
Setup and Training*
\$1500.00
Monthly
\$34.99 per User

Amicus Attorney 2008 Small Firm Edition is designed specifically for solo practitioners and small firms to help improve their efficiency and profitability and to help them get the most out of the time they spend practicing law. There are literally thousands of features that make up Amicus Attorney.

Aperio has partnered with a Certified Amicus Consultant to bring you this product at an affordable rate.

The Amicus Attorney 2008 software will need to be purchased separately with the appropriate user licenses. This quote can be generated by the Amicus Attorney Consultant.

**Setup and Training will be provided by a certified Amicus Attorney consultant. Any continued support for Amicus Attorney will need to be referred to the Amicus Attorney consultant.*

TimeSlips

Timeslips Time Tracking and Billing Business Software Turns Time into Money

Install
\$300.00
Setup and Training*
\$500.00
Monthly
\$6.99 per User

For over 20 years, Timeslips has been established not only as a leader in billing and time tracking business software but also as the standard by which other time and billing products are measured. Timeslips offers a powerful and innovative feature set that can be found in no other product.

The desired version of TimeSlips needs to be purchased with the correct number of user licenses prior to installing it on your virtual server.

Aperio will provide a quote for the purchase of the desired version of TimeSlips.

**Setup and Training will be provided by a certified TimeSlips consultant. Any continued support for TimeSlips will need to be referred to the TimeSlips consultant.*

Blackberry

Install
\$99.00 per User
Monthly
\$9.99 per User

Blackberry synchronization will be important for our mobile users. Mobile Email, Calendar and Task can be created on the fly and saved in your Outlook 2007. The purchase of Blackberry Professional Software will be required to accomplish this.

Aperio will provide a quote for the purchase of Blackberry Software.

Aperio is also an authorized Blackberry dealer. We can quote prices for your favorite Blackberry device through your favorite wireless phone company.

Other software maybe installed after a complete review of the product by an Aperio administrator. They will be subject to special charges.
